

At last! **Canadian** Lockout Training DVD!

Looking for a way to comply with new Lockout Training Requirements?

Our latest DVD containing 2 videos will provide you with essential information your affected and authorized workers need to know!

Save \$\$\$ using these videos to train your staff, at your location, when it best suits you!

Use Our Knowledge!

Training Services had the pleasure of representing the Canadian Federation of Independent Businesses (C.F.I.B.) in the consultation process regarding the NEW CSA Z460 Control of Hazardous Energy; Lockout and other Methods, so we have an in-depth understanding of this code. This knowledge has been put into 2 informative videos guaranteed to help you train your affected and authorized workers.

Hazardous Energy Control, DVD Video

12 minutes

This full colour 'awareness' training video is specifically designed for all affected and authorized workers. It is based on the **NEW CSA Z460-05 Control of Hazardous Energy; Lockout and Other Methods**. The video reviews the types, sources and amounts of energy in a typical factory. Emphasis is on the need for personal control, that only authorized workers can lockout, and other basic lockout rules.

Stop, Block, Lock & Live, DVD Video

10 minutes

This video is designed for authorized worker training and demonstrates the steps involved in installing and removing locks and tags. It is based on the **NEW CSA Z460-05 Control of Hazardous Energy; Lockout and Other Methods**, and industry best practices. There is emphasis on following correct lockout procedures, notifications and verifications.

- ➔ Comply with new CSA Z460-05 Control of Hazardous Energy; Lockout & Other Methods - Training Requirements.
- ➔ Use the latest videos. Enjoy the convenience of training your staff, at your location, when you want!
- ➔ Save \$\$\$ by using these videos for refresher lock out training for both affected and authorized workers.
- ➔ Use our knowledge! Training Services participates in the development of CSA safety standards.
